Fax: (775) 885-6147

Stipulations to this Notice of Intent:

1. A cultural resources survey will be conducted by an authorized archaeologist in advance of any surface disturbance prior to placement of the MT equipment. Avoidance of cultural resources is the goal for this MT survey. Approval of private property owners will be acquired prior to surveying on the private lands. A cultural resources survey document will be prepared for BLM review within 30 days of completion of the MT survey.
2. The small shallow excavation resulting from burial of the equipment will be backfilled prior to moving to the next survey point.
3. Notify the BLM within one week prior to conducting the survey.
