Ref: Hot Pot Geothermal LLC – Notice of Completion – Knight Seismic Survey

Ms. Minky,

In letters of June 1, 2010 and August 6, 2010, Hot Pot Geothermal LLC ("HPG") submitted and updated, respectively, its Notice of Intent ("NOI") for the Knight seismic survey associated with HPG federal leases NVN 77000, NVN 83963 & NVN 86912 and surrounding lands. That NOI was approved by the Bureau of Land Management on approximately August 10, 2010 and the field work for the survey was performed from September 8, 2010 through September 15, 2010. With this letter, HPG respectfully submits the Notice of Completion (BLM Form 3150-5 – "NOC") for the Knight seismic survey.

The seismic survey was performed in accordance to the approved NOI standard terms and conditions and covered 25.2 miles of seismic lines on lands described in the aforementioned letters and NOI. All survey related contractors have vacated BLM lands, and HPG has reviewed and inspected all contractor work and performed required remedial actions. Please see attached NOC for additional detail.

If you have any questions or require additional information regarding the HPG NOC, feel free to call (775-846-1356) or email (prefm@aol.com).

Regards,

NOTICE OF COMPLETION OF OIL AND GAS GEOPHYSICAL EXPLORATION OPERATIONS

Lease or Operator: Hot Pot Geothermal LLC
Geophysical Co. Representative: Optim, Inc.
Address: 730 Sandhill Road, Suite #250
Address: 200 S. Virginia Street, Suite 560
City: Reno
City: Reno
State: Nevada
State: Nevada
Zip Code: 89521
Zip Code: 89509
Phone No. (Include area code): 775-846-1356
Phone No. (Include area code): 775-326-5891
E-Mail Address: prefm@aol.com
Cellular Phone No. (Include area code):

1. If different from the Notice of Intent and Authorization to Conduct Oil and Gas Geophysical Exploration Operations (NOI), list the lands that you actually used for geophysical activities. Describe the lands by Meridian, Township, Range, and Section(s), or metes and bounds as appropriate:

Lands used for the Knight seismic survey were the same as listed in the approved Notice of Intent (see attached map). The only exception was the reroute around the cultural site.

2. Miles of source line or acres of survey on:
   a. Your Lease: 14.1 miles
   b. Other Federal lands: 3.2 miles

3. If your operations were different from those proposed in the approved NOI, attach shotpoint or field maps showing actual line locations and access routes. (The map(s) must be a minimum scale of 1:24,000 (1 1/2-minute USGS quadrangle or equivalent.) The maps must indicate public lands you crossed.

4. Describe how you plugged any shotholes.
   Not applicable.

5. If the Bureau of Land Management (BLM) or the Forest Service (FS) requests it, attach a copy of the "Hole Plugging Log" describing each shothole, including whether holes were wet or dry, the static water level, flowing holes, breached or caved holes, or lost hole locations.

6. Describe any surface disturbance and how you reclaimed it.

The centerline of each seismic route was disturbed by small off road vehicles and the vibroseis machines (see attached photos) as the contractor executed the seismic survey. Access was limited to existing roads and trails, and where possible the vibrating units followed the same routes to enter and exit the seismic line routes. Effects on the associated lands were different depending on soil type and vegetation. Hot Pot Geothermal LLC performed reconnaissance on the disturb lands, and performed remedial actions per the NOI terms and condition on all intersections of the seismic lines with existing roads and trails on BLM lands (see attached photos). All contractor materials and equipment were removed from BLM lands after performance of the seismic survey.

I CERTIFY that the oil and gas explorations approved under the NOI were completed on 09/15/2010 and that the operations complied with all terms and conditions of the approved NOI.

NOTICES

The Privacy Act of 1974 and the regulation in 43 CFR 2.48(d) provide that you be furnished the following information in connection with information required by this Notice of Completion of Oil and Gas Geophysical Exploration Operations.

AUTHORITY: 30 U.S.C. 181 et seq.

PRINCIPAL PURPOSE: We use the information to process your Notice.

ROUTINE USES: (1) To determine that mitigating measures are made to protect the environment. (2) Transfer to appropriate Federal agencies when concurrence is required prior to granting a right in public lands or resources. (3) Information from the record and/or the record will be transferred to appropriate Federal, State, local or foreign agencies when relevant to civil, criminal or regulatory investigations or prosecutions.

EFFECT OF NOT PROVIDING INFORMATION: Disclosure of the information is voluntary. If all the information is not provided, your right to conduct geophysical exploration activities may be revoked.

The Paperwork Reduction Act of 1995 requires us to inform you that:
BLM will collect this information under 43 CFR 3150.
FS will collect this information under 36 CFR 251.15.
BLM/FS will use this information to process geophysical exploration notices.
Response to this request is required to obtain a benefit.
BLM would like you to know that you do not have to respond to this or any other Federal agency-sponsored information collection unless it displays a currently valid OMB control number.

BURDEN HOURS STATEMENT: Public reporting burden for this form is estimated to average 20 minutes per response, including the time for reviewing instructions, gathering and maintaining data, and completing and reviewing of the form. Direct comments regarding the burden estimate or any other aspect of this form to the U.S. Department of the Interior, Bureau of Land Management (1004-0162), Bureau Information Collection Clearance Officer (WO-630), 1849 C Street, N.W., Mail Stop 401 LS, Washington, D.C. 20240.
